55" ANDROID DOUBLED-SIDED FREESTANDING DIGITAL POSTER

Plug and Play

These displays have two separate built in HD Android media players and require no additional hardware or software. Load your pictures and videos onto a USB stick and insert it into one of the USB ports, this copies the files to the screen's internal memory. Once you remove the USB stick your pictures and videos will play in a continuous loop. It couldn't be simpler to get your content onto the screens.

24/7 Commercial Use

Commercial grade panels, with a lifespan of 50,000 hours, and high quality components ensure that these displays can be in constant use 24/7. Tablet-like styling is achieved thanks to their tempered glass front and robust steel enclosure.

Android Media Player

With a built in Android media players, these screens are more easily updateable and faster than ever before. The Android PC boards makes it easy to upgrade your screen to be networked and also allows you to run 3rd party Digital Signage software.

LED Backlight Technology

The LED backlights built into these displays ensure improved brightness and contrast as well as drastically improving their lifespan and reducing their power consumption by around 30%. This form of light technology is mercury free; safeguarding this screen's eco friendliness.

Free Scheduling Software

To get the most out of the screen, advanced users can use our free scheduling software that allows you to display different content at certain times of the day. You can also set image duration and transition effects using this software.

Make Twice The Impact

This product exclusively features two screens that allow for the widest possible audience to see your content. With additional one sided or doubled sided touch screen upgrades you will never fail to leave an impression.

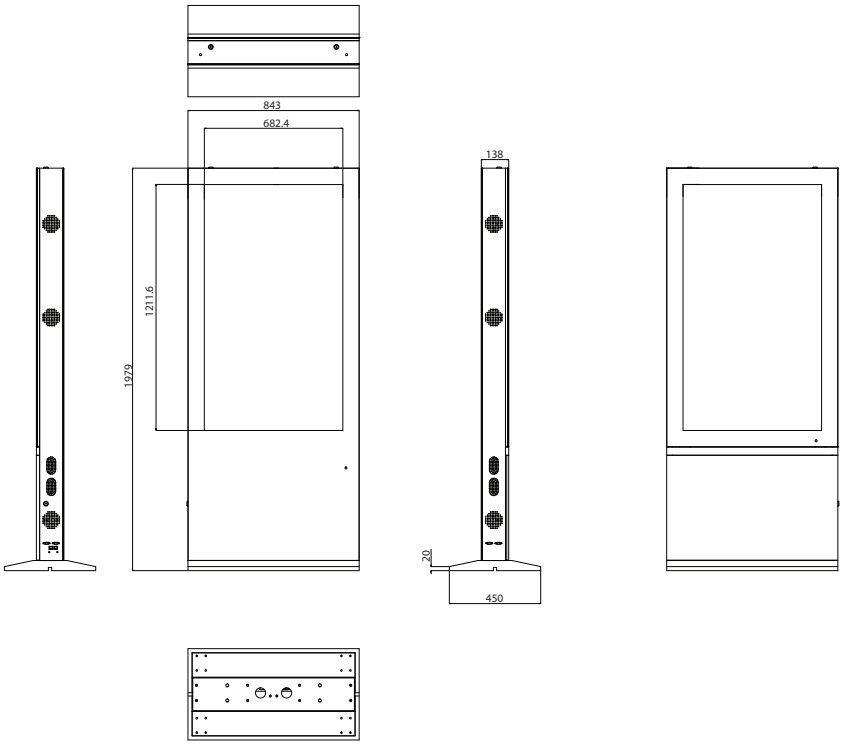

Eco Friendly Power Timer

This allows for reduced power usage by automatically powering off in hours that the displays are not required. You can set daily, or weekly, On/Off times for your displays.

Internal Locker

If you need to run the screen from an external source, like a PC, you can do so by using the HDMI or VGA inputs. There is a space to fit a small PC inside the lockable compartment.

Technical Drawing

Specification

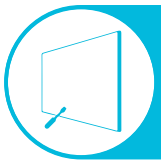

Panel	Display Size		55 Inch
	Resolution		1080x1920
	Display Area (mm)		682.4x1211.6
	Aspect Ratio		16:9
	Brightness (cd/m2)		450
	Colour		16.7M
	Viewing Angle		178°
	Contrast Ratio		4000:1
Audio	Speaker Type		2W, 4Ω (x2)
AV Inputs	Video		HDMI, VGA
	Audio		Audio Socket (3.5mm)
Power	Power Consumption (W)		250
	Input Voltage		AC110~240V (50Hz~60Hz)
Mechanical	Unit Size (WxHxD mm)		843x1979x138
	Package Size (WxHxD mm)		2113x980x585
	Net Weight (kg)		131
	Gross Weight (kg)		152
	Working Temperature		0 °C to 50 °C
Computer	Internal Media Player	Media Formats	Video (MPG, AVI, MP4, RM, RMVB, TS), Audio (MP3, WMA), Image (JPG, GIF, BMP, PNG)

Accessories	Included		Scheduling Software, Remote Control, Key, User Manual
	Optional		Network Upgrade, One Side Touch Screen Upgrade, Double Sided Touch Screen Upgrade

Why Choose Our Commercial Display Solutions?

Lifetime Technical Support

From the moment you receive your product, throughout the duration of your warranty and even after your warranty has expired we are here to support you. If you require any assistance setting up or using your product, or have any problems at all, we can provide free technical support via telephone and email.

On-site Support and Maintenance*

If needed, we can provide an installation service for any of our products. We can also set up service-level agreements for larger projects that require maintenance contracts.

Extended Warranty*

All of our commercial display products come with a 3 year commercial warranty as standard but if you want to extend this you can upgrade this to cover a 5 year period at point of purchase.

Training

As well as providing free remote CMS training sessions and webinars we can also visit you to deliver bespoke training for our software and hardware*.

Advanced Replacements†

Should your display suffer from any kind of hardware failure during the warranty period we will send you an advanced replacement and arrange for your old display to be collected, free of charge. This ensures no downtime where you are without a screen.

Custom Product Testing & Configuration

If you need us to test third party software or a website, or configure your screen in a particular way before it is dispatched (e.g. in a particular orientation or network mode), we can do so to make your life easier.

3D Rendering

Want to know how a particular screen will look once installed? Send us a photo of the location and we will create a 3D rendering of any screen in situ to help you to visualise how amazing it will look.

Logistics Support

We hold more stock in our UK warehouse than any other manufacturer so we can help you meet tight deadlines. For last minute orders we can also offer special express or morning delivery options*. We also carry out UK based quality control checks on every display before it leaves our warehouse.

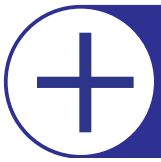

Project Support

If you need to loan a sample unit to test we'd be more than happy to arrange this. We can also provide a rental service for temporary projects*.

Customisation*

Your display can be customised to suit your requirements by adding your logo or printed graphics or even tailoring the colour of a display. We can also carry out hardware modifications to existing products or manufacture bespoke solutions for special projects.

Extras*

As well as being able to provide accessories and add-ons, such as extra remote controls, NUC PCs and video wall controllers, we can also supply custom made flight cases which are great if a display needs to be moved safely from place to place.

†UK mainland only
